Ansan-si, Gyeonggi-do, Republic of Korea

Petpartner runs various pet business from ODM&OEM to B2B&B2C in Korean market.

In 2015, the company started in distributing wide range of pet supplies.

Since then, Petpartner has been rapidly expanding the business.

With all the experiences and accumulated data,
the company once again expanded into pet food manufacturing.

Petpartner sticks to the utmost quality and strict food safety standard
to keep the solid trust with the partners and customers.
